

The multi-million dollar renovations are well underway at the NEW Lake Lanier Islands Resort. Even as you drive on to the Islands you will feel an undercurrent of excitement and anticipation of the great amenities to come.

Legacy Lodge & Conference Center, formerly Emerald Pointe Hotel

New front view Porte Cochere entrance at Legacy Lodge & Conference Center

Expanded dining area and outdoor enhancement to Windows Restaurant

The Legacy Lodge & Conference Center guest rooms have already been fully renovated with upgraded amenities that bring a taste of the city life to the great outdoors. Now, the final phase of renovations to the hotel finishing up. The exterior front entrance Porte Cochere is being completely redesigned and due to be completed May 2008. Wood shake siding, copper rake flashing, wood timber trusses, and natural stone are just some of the new textures you'll see. Exterior walls, entryways and corridors will be accented with rustic lamp fixtures and accessories that will wow you from the moment you drive up.

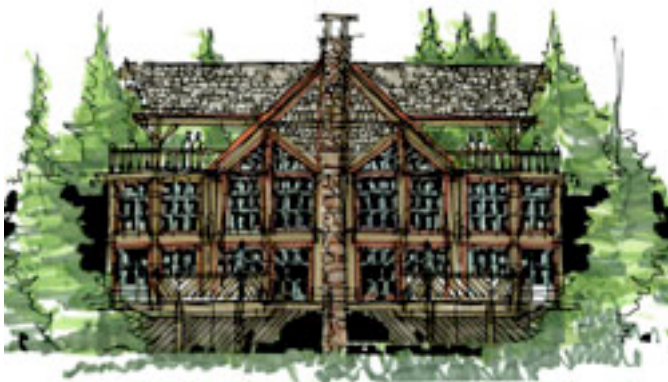

BullFrogs, our "come as you are" bar and grille, will reopen April 4th. You will be able to watch the chefs in action as they create culinary masterpieces with an entire new menu to tempt your tastebuds. BullFrogs

has received a complete renovation of the outside patio, enlarged indoor dining area and upgraded, hi-tech kitchen facilities. You'll enjoy this new relaxed setting with stone columns, heavy timber and rustic tones, where many laughs and stories of the day are sure to be shared.

In January 2009, Windows will also be seeing some changes that will enhance the fine dining experience. The current patio will be enclosed to expand the dining area to accommodate more guests. Its exterior will follow with the BullFrogs aesthetics of natural stone, heavy timber and rustic finishes. Its unveiling of an updated menu and décor will prove to be one of the finest dining experience around the lake in April 2009.

Following suit will be the interior main lobby facelift set to begin January 2008. As you enter you will be greeted with vaulted timber ceilings, an oversized fireplace to congregate around while you melt into plush couches in natural, warm inviting tones. Pick up a cup of gourmet coffee or grab a souvenir for that special someone at the new expanded gift shop. The new interior lobby will be completed May 2008.

Executive Villas

New six-unit, 4,500 square foot Executive Villa

We've already begun to break ground on the new six-bedroom, 4,500 square foot Executive Villas. Heavy timber construction, stone entryways, hardwood floors, and granite surfaces will be featured in each unit. Although you are tucked away beneath the tall Georgia Pines nestled at the edge of the lake, no one will know as you stay connected with wireless internet connections, flat screen televisions and a full wet bar in some units. The first six Villas are being built adjacent to the Legacy Lodge & Conference Center, and are scheduled to be completed Spring 2008.
